

IBD
CERTIFICATIONS

8-0090-08-100-00

IBD is RSPO Accredited as certifier for:

New Planting Procedures
applied to growers

Principles & Criteria
applied to growers

Supply Chain Certification
for mills, refineries, oleochemicals,
packers, food industry

IBD Certifications is approved to provide
RSPO certification services worldwide

The RSPO initiative (Roundtable on Sustainable Palm Oil) is rapidly growing throughout the world (see a list of members at www.rspo.org) with the endorsement of the major multinational consumers of palm oil at the global level. IBD Certifications is the only RSPO accredited Latin American certifier with global scope and, as such, qualified to offer RSPO certification services with the knowledge and experience in any part of the world.

For oil palm producing companies, processors of palm oil and derivatives, as well as traders of these products, IBD offers certification services based on RSPO Principles and Criteria and on RSPO Supply Chain Certification.

8 Principles for growers to be certified

- 1 Commitment to transparency
- 2 Compliance with applicable laws and regulations
- 3 Commitment to long-term economic and financial viability
- 4 Use of appropriate best practices by growers and millers
- 5 Environmental responsibility and conservation of natural resources and biodiversity
- 6 Responsible consideration of employees and of individuals and communities affected by growers and mills
- 7 Responsible development of new plantings
- 8 Commitment to continuous improvement in key areas of activity

IBD
CERTIFICATIONS

Technical Qualification and Credibility

Since 1990, IBD prints the institutional force of its certification seals on countless products of Brazil and the world.
